The above elevations as fixed shall be measured from Chicago City datum as established by the City Council of the City of Chicago.

The roadway(s) of the several street(s) heretofore specified between the points herein described, also the roadway(s) of all intersecting alley(s) extended from the curb line to the street line on each side of said specified street(s) between the points herein described shall be so graded by cutting for filling and compacted by rolling with a roller of ten (10) tons weight that after the grading of the roadbed(s) is completed and the pavement herein described placed thereon, the surface of the finished pavement at the center of the roadway of each of said specified street(s) shall be at the elevation of the top of the curbing herein described; and the surface of the said finished pavement at the summits in the gutters between catchbasins and adjoining the roadway face of the curbing shall be three (3) inches below the top of said curbing, and at the catchbasin inlets in the gutters adjoining the roadway face of the curbing shall be nine (9) inches below the top of said curbing. The slope of the gutters adjoining the roadway face of said curbing shall be uniform from the summits to the catchbasin inlets.

A transverse section of the surface of the finished pavement and gutters shall be an arc of a circle passing through the said gutter elevations and the elevation of the center of said finished roadway at every part of the roadway of each of said specified street(s) between the points herein described.

In all intersecting alley(s) herein specified at the street line(s) of said specified street(s) the surface of the finished pavement adjoining the curbing shall be even with the top of the curbing, and the surface of the finished pavement at the center of the roadway(s) of said alley(s) shall be three (3) inches below the top of the curbing; and a transverse section of the surface of the finished pavement at the street line(s) of said specified street(s) shall be an arc of a circle passing through the surface of the pavement adjoining said curbing and the surface of the pavement at the center of said finished roadway(s). The surface of the said pavement thence shall slope gradually to meet the surface of the finished pavement at the curb lines of said specified street(s).

On the sub-grade as formed and compacted shall be spread an insulation course of limestone screenings. Said insulation course shall be one (1) inch in thickness and shall extend across the full width of the roadbed.

On the insulation course as formed and compacted shall be spread a foundation course consisting of a layer of crushed limestone of the best quality, broken so as to pass through a ring of four (4) inches internal diameter and held on a ring of two (2) inches internal diameter. The stone spread shall be well graded as to sizes. It shall be evenly distributed so as to leave no pock-

ets filled with the small size stone. This layer shall be thoroughly rolled with a self propelled three wheel roller, weighing not less than ten (10) tons. The rolling shall begin at the edge of the pavement and the roller shall move parallel with the center line of the roadway. The roller shall progress gradually towards the center of the roadway, uniformly lapping each proceeding track, covering the entire surface with the rear wheels and continuing until the stone does not creep or move ahead of the roller. After the crushed limestone has been thoroughly rolled and keyed, limestone screenings shall be applied gradually over the surface and the rolling continued until sufficient screenings have been applied to completely fill the interstices.

The screenings shall be swept in with hand brooms to properly fill the voids. The spreading and rolling shall continue until no more screenings will go in dry. No excess of screenings shall be used before applying water. Immediately after the voids have been filled with screenings, the macadam shall be sprinkled until saturated, the sprinkler being followed by a roller. More screenings shall be added if necessary. The sprinkling, sweeping and rolling shall continue until a grout shall be formed of the screening and water that will fill all voids, and form a wave of grout before the wheels of the roller. The quantity of screenings and water necessary to fill the voids shall be determined by the engineer and shall be sufficient to produce a rough, granular surface. The rolling, at all times, shall begin at the sides, and then progress toward the center, thoroughly covering the entire surface with the rear wheels. When compacted, this layer shall measure not less than five (5) inches in thickness.

Upon the finished waterbound macadam base there shall be uniformly applied by an approved type of spreader box, two (2) inch stone to a depth providing a total base course thickness of three (3) inches after final compaction. After shaping to grade and rolling with a ten (10) ton roller three quarter (¾) inch stone chips shall be broadcast and broomed into the surface voids at the rate of fifteen (15) pounds per square yard. Liquid asphalt at a temperature of 140 degrees F. shall be uniformly applied by a pressure distributor at a rate of one and one-half (1½) gallons per square yard. Stone chips shall again be broadcast and broomed uniformly over the surface at the rate of fifteen (15) pounds per square yard. Liquid asphalt shall be uniformly applied by a pressure distributor at the rate of one-half (½) gallon per square yard. Stone chips shall be broadcast again at the rate of ten (10) pounds per square yard. The surface shall then be thoroughly rolled. The asphalt shall conform to the State Specification for Emulsified Asphalt R.S. 1 and R.S. 2, Page 640 of Illinois Standard Specifications for Road and Bridge Construction adopted January 2, 1952.

On the said foundation course shall be placed an asphaltic concrete surface course two (2) inches in thickness consisting of an asphaltic concrete mixture conforming to the standard requirements of the Illinois State Division of Highways for Type 1-11 Asphaltic Concrete adopted January 2, 1952, as follows: the Asphaltic mix shall consist of a mineral aggregate bonded with the asphaltic cement. The mineral aggregate shall consist of the best quality of crushed gravel or crushed stone in sizes graduated in accordance with the following table, viz:

Asphaltic Concrete Surface Courses, Fine Dense Graded Aggregate Type

Passing ½ inch sieve	95-100%
Passing ½ inch, retained on No. 4 sieve	45- 65%
Passing No. 4 retained on No. 10 sieve	10- 30%
Passing No. 10 retained on No. 40 sieve	5- 18%
Passing No. 40 retained on No. 50 sieve	7- 22%
Passing No. 80 retained on No. 200 sieve	5- 13%
Passing No. 200 sieve	4- 8%
Bitumen	5- 7%

(Table 45, 11p. 247 State Specifications)

The asphaltic cement shall conform with the standard requirements of the Illinois State Division of Highways for Grade P.A. 6, Paving Asphalt, adopted January 2, 1952. It shall have a flash point (Cleveland open cup) 500 plus Fahrenheit. It shall have penetration at seventy-seven (77) degrees Fahrenheit of seventy-five (75) to eighty-five (85), and at least ninety-nine and five-tenths (99.5) per cent of bitumen shall be soluble in carbon disulphide.

When fifty (50) grams of said paving asphalt is heated in an uncovered tin box five and one-half (5½) centimeters in diameter and three and one-half (3½) centimeters in depth, and is held at a temperature of three hundred and twenty-five (325) degrees Fahrenheit for five (5) hours, then it shall have lost not over two (2) per cent by weight and the penetration of the residue thus obtained shall not be less than seventy (70) per cent of the penetration before such heating, said penetration being determined as herein described. Said paving asphalt shall have a ductility of not less than one hundred (100) centimeters being determined by elongating a briquette Dow form of said paving asphalt at uniform rate of five (5) centimeters per minute at a temperature of seventy-seven (77) degrees Fahrenheit.

The paving asphalt and mineral aggregate shall be mixed when heated between three hundred (300) and three hundred fifty (350) degrees Fahrenheit in an approved mixer to produce a homogenous mixture in which all particles of aggregate are coated uniformly. The heated mixture shall be delivered to the pavement in trucks with approved clean tight dump bodies. The temperature when delivered at the street shall be between two hundred fifty (250) and three hundred fifty (350) degrees Fahrenheit. Upon arrival the asphaltic mixture shall be spread upon the prepared base at a uniform depth and consistency so that the thickness when compacted as herein described will be two (2) inches. Immediately after the asphalt surface course shall be spread it shall be connected thoroughly and uniformly with a three (3) wheel roller or a tandem roller. The asphalt paving mix shall be dumped first upon approved steel dump pans outside of the area on which it is to be spread. Immediately thereafter it shall be distributed into place with shovels and spread with rakes in layers of uniform density and correct depth, unless a spreading machine is used. If a spreading machine is used it shall be of a type approved by the Board of Local Improvements. Immediately after the surface course mixture is placed it shall be compacted thoroughly and uniformly with a three-wheel roller or a tandem roller. One (1) or more three-wheel rollers and one (1) or more tandem rollers will be required. The actual number of such rollers to be determined by the Engineer in accordance with the progress of the work. If the production of the asphalt plant delivered to the pavement exceeds

seventy-five (75) tons per hour additional rollers shall be furnished as directed by said Engineer. After a final rolling the asphalt surface course shall at all points have a density of not less than ninety-five (95) per cent of the maximum possible density of a voidless pavement composed of the same materials in like proportions.

Concrete crosswalks shall be built at intersection only. Concrete crosswalks shall be built according to the Standard City Code of the City of Chicago.

The concrete shall conform to Class X Concrete (as described in this ordinance for curbs and gutters).

All existing catchbasins which are to be abandoned are located at the intersections of streets. Where existing catchbasins are to be abandoned the outlet pipe connection from the catchbasin to the sewer shall be plugged and properly sealed and the corbel courses broken down and the catchbasin cleaned and filled with suitable material.

Additional masonry where necessary.

Said work is to be done in a workmanlike manner under the superintendence of the Board of Local Improvements of the said City of Chicago.

Section 2. That the recommendation of the Board of Local Improvements of the City of Chicago, providing for said improvement, together with the estimate of the cost hereof, including the lawful expenses attending the same, made by the engineer of said Board both hereto attached, be and the same are hereby approved.

Section 3. That said improvement shall be made and the cost thereof, including the lawful expenses attending the same, be paid by special assessment in accordance with an Act of the General Assembly of the State of Illinois, entitled "An Act Concerning Local Improvements", approved June 14th, A.D. 1897, and the amendments thereto, and that of said special assessment the sum of Ten Thousand Two Hundred Thirty-Eight and No One-Hundredths Dollars ($10,238.00), not exceeding five (5) per centum of the amount of said assessment as finally determined after the completion of said improvement in accordance with Article 9-2 of said Act, shall be applied toward the payment of the cost of making, levying and collecting said special assessment, and of letting and executing contracts, advertising, clerical hire, engineering and inspection, court costs and deficiency in interest in the matter of said special assessment, in accordance with the provisions of said Act.

Section 4. That the aggregate amount herein ordered to be assessed against the property, and also the assessment on each lot and parcel of land therein assessed shall be divided into five (5) installments in the manner provided by the statute in such cases made and provided, and each of said installments shall bear interest at the rate of five (5) per centum per annum according to law until paid.

Section 5. That for the purpose of anticipating the collection of the second and succeeding installments of said assessment for said improvement (excepting such part, if any, that is chargeable to the City of Chicago for public benefits to public lands), bonds shall be issued payable out of said installments bearing interest at the rate of five (5) per centum per annum, payable annually, and signed by the Mayor and by the President of the Board of Local Improvements, countersigned by the City Comptroller and attested by the City Clerk under the corporate seal of the City of Chicago. Said bonds shall be issued in accordance with and shall in all respects conform to the provision of the Act of the General Assembly of the State of Illinois, entitled "An Act Concerning Local Improvements", approved June 14, A. D. 1897, and the amendments thereto.

Section 6. That the Corporation Counsel be and he is hereby directed to file a petition in the Circuit Court of Cook County, Illinois, County Division, in the name of the City of Chicago, praying that steps may be taken to levy a special assessment for said improvement in accordance with the provisions of this ordinance and in the manner prescribed by law.

Section 7. That all ordinances, or parts of ordinances, conflicting with this ordinance be and the same are hereby repealed.

Section 8. This ordinance shall be in force from and after its passage.

EXHIBIT "B"

Requisition Agreement No. 5 (herein called "Requisition Agreement") relating to the time of a certain Project Temporary Loan payment to be made by the United States of America to the City of Chicago which payment will be evidenced by Project Temporary Loan No. 6.

WHEREAS, the City of Chicago (herein sometimes called the "City", a public body corporate and politic duly organized and existing under the laws of the State of Illinois, entered into a contract dated as of the 27th day of May, 1959, and numbered Contract No. Ill. R-1(LG) (which, together with any supplements thereto or amendments, modifications, or waivers of any provisions thereof, is herein called the "Loan Contract"), with the United States of America (herein called the "Government") acting by and through the Housing and Home Finance Administrator, providing for a Project Temporary Loan by the Government to the City under Title I of the Housing Act of 1949, as amended, in an amount outstanding at any one time not to exceed $32,954,616.00 to aid the City in its undertaking and carrying out of a certain urban renewal project (herein called the "Project") designated Project No. Ill. R-1; and

WHEREAS, in accordance with the Loan Contract, the Government has agreed, pursuant to an outstanding requisition agreement (herein called the "Outstanding Requisition Agreement") with the City, to make, on the 14th day of May, 1964, a payment on account of said Project Temporary Loan (to be evidenced by Project Temporary Loan Note No. 5 of the City, herein sometimes called "Old Escrow Project Temporary Loan Note") which has been pledged for the payment of the principal of and interest upon the Preliminary Loan Notes (Fourth Series A) of the City (herein called the "Outstanding Preliminary Loan Notes"); and

WHEREAS, in accordance with the Loan Contract, the City has filed with the Government and the Government has approved a requisition (herein called the "Requisition") together with necessary supporting documents for a Project Temporary Loan payment thereunder in the amount of $10,012,000.00 (said payment in said amount being hereinafter called the "Requisitioned Payment"), and the Government is obligated to make the Requisitioned Payment as hereinafter provided; and

WHEREAS, the City is able to obtain a short-term loan from sources other than the Government in the amount of $9,650,000.00 at an interest cost less than the interest required to be paid under the Loan Contract on Project Temporary Loan funds which are made available by the Government, and thereby reduce carrying charges and other Project costs, and the City has determined to obtain such short-term loan from sources other than the Government (1) in order to refund or retire the Project Temporary Loan Notes of the City, if any, held by the Government for its own use and benefit on the date of the New Preliminary Loan Notes; (2) in substitution for the Project Temporary Loan payment which the Government has agreed to make pursuant to the Outstanding Requisition Agreement; and (3) in anticipation of the Requisitioned Payment which the Government has become obligated to make by reason of the approval of the Requisition; and

WHEREAS, pursuant to said determination, the City on the 29th day of April, 1964, duly adopted an Ordinance entitled "Ordinance Authorizing the Sale, Issuance and Delivery of Preliminary Loan Notes in the Aggregate Principal Amount of $9,650,000.00, the Execution of Requisition Agreement No. 5, and the Execution and Delivery of Project Temporary Loan Note No. 6, in Connection with Project No. Ill. R-1", authorizing among other things the sale, issuance, and delivery of its Preliminary Loan Notes (Fifth Series A), herein called the "New Preliminary Loan Notes"; and

WHEREAS, the Government desires to cooperate with the City in its efforts to reduce the aforementioned costs, and desires to encourage participation of private capital in the cost of the Project; and

WHEREAS, the City has authorized and deposited with the Government its Project Temporary Loan Note No. 6 (herein called the "Escrow Project Temporary Loan Note") payable to the United States of America or order in the principal amount of the Requisitioned Payment, together with all necessary collateral documents, with directions to take delivery thereof upon compliance by the Government with the provisions of Paragraph 2 hereof; and the Government has approved the form and execution of the New Escrow Project Temporary Loan Note and collateral documents, and has approved all of the proceedings authorizing the issuance of said New Escrow Project Temporary Loan Note and the legality thereof when paid for in accordance with the terms of this Agreement, and has accepted deposit of said New Escrow Project Temporary Loan Note pending its payment therefor as aforesaid;

Now, Therefore, This Agreement Witnesseth: That, in consideration of the terms and covenants herein contained, the parties hereto agree as follows:

1. The City of Chicago agrees that simultaneously with the payment for said New Preliminary Loan Notes by the Purchaser or purchasers thereof (and using the proceeds of said New Preliminary Loan Notes, and other appropriate funds of the City to the extent necessary therefor) it will pay or cause to be paid (a) to the Government an amount equal to the aggregate principal amount of the Project Temporary Loan Notes, if any, of the City held by the Government for its own use and benefit on the date of the New Preliminary Loan Notes, plus accrued interest thereon to the date of payment; and (b) to the paying agent or agents for the Outstanding Preliminary Loan Notes the amount of Twelve Million Six Hundred Eighty Thousand Eight Hundred Thirty-Seven and 39/100 Dollars ($12,680,837.39) for the sole and only purpose of paying the principal of and interest upon said Outstanding Preliminary Loan Notes to their maturity;

and the Government agrees that simultaneously with said payments it will cause the old Escrow Project Temporary Loan Note, and the Project Temporary Loan Notes, if any, held by the Government for its own use and benefit on the date of the New Preliminary Loan Notes, to be cancelled and returned to the City.

2. The City hereby directs, and the Government agrees that without any further showing by the City of the necessity therefor, and irrespective of compliance by the City with the conditions of Paragraph 1 above, the Government will make payment of the Requisitioned Payment as follows, and in no other manner: Said Requisitioned Payment will be made on the 6th day of May, 1965 (or, if the Government desires and the City consents thereto, at any time prior to said date), in the amounts set forth below, to the paying agents named in the New Preliminary Loan Notes for the account of the City, to be used to the extent necessary for the payment of the principal of and interest to maturity on said New Preliminary Loan Notes:

To Paying Agent for Preliminary Loan Notes Nos. 1 to 55, inclusive, Fifth Series A, $1,021,004.17 said Paying Agent being Harris Trust and Savings Bank, Chicago, Illinois;

To Paying Agent for Preliminary Loan Notes Nos. 56 to 335, inclusive Fifth Series A*, said Paying Agent being Continental Illinois National Bank and Trust Company of Chicago, Chicago, Illinois;

Provided, That the Government, at its option, may make the Requisitioned Payment in an amount equal to the difference between the aggregate of the principal of the New Preliminary Loan Notes and the interest thereon to maturity and funds deposited by or on behalf of the City with the Paying Agent for the purpose of paying principal of or interest on the New Preliminary Loan Notes. In the event of the exercise of such option by the Government, the principal amount of the Escrow Project Temporary Loan Note shall by operation of law and this Requisition Agreement automatically be reduced to the amount of the part payment made by the Government of the Requisitioned Payment, and a legend informative of the fact of such part payment and of the reduction of the principal amount of the Escrow Project Temporary Loan Note to an amount equal to the part payment shall be endorsed by the Government on Escrow Project Temporary Loan Note.

Any balance of said funds not needed to pay the principal of and interest to maturity on the New Preliminary Loan Notes shall be paid to the City and by it deposited in the appropriate fund or account described in the Loan Contract, to be used in accordance with the provisions of the Loan Contract.

3. The City agrees that, so long as any of the New Preliminary Loan Notes are outstanding and unpaid, it will not repeal, amend, or modify the proceedings authorizing the execution and delivery of the New Escrow Project Temporary Loan Note in such manner, or take any other action, as might affect or impair the validity of said New Escrow Project Temporary Loan Note and that it will not revoke its instructions authorizing the Government to make payment therefor in accordance with Paragraph 2 hereof or its consent to the provisions of Paragraph 7 hereof.

4. The Government agrees that until such time as it shall have made payment for the New Escrow Project Temporary Loan Note as set forth in Paragraph 2 hereof, it will hold said New Escrow Project Temporary Loan Note and collateral documents for the account of the City. When the Government shall have made payment of the Requisitioned Payment in the manner set forth above, the Government shall hold said New Escrow Project Temporary Loan Note for its own use and benefit as its own property. When and if the City shall deposit with each paying agent mentioned in Paragraph 2 hereof, out of moneys obtained by the City from sources other than the aforesaid Project Temporary Loan, a sum sufficient to pay the principal of and the interest to maturity on the New Preliminary Loan Notes for which such agent is the paying agent, the Government will cancel and surrender to the City said New Escrow Project Temporary Loan Note, and the obligation of the Government to make payment of the Requisitioned Payment shall be discharged.

5. The Government agrees that this Requisition Agreement is made with and for the benefit of, and may be assigned by the City to and for the benefit of, the holder or holders from time to time of the New Preliminary Loan Notes and of interest claims appertaining thereto. WHEREAS, pursuant to said determination, the City on the 29th day of April, 1964, duly adopted an Ordinance entitled "Authorizing the Sales, Issuance and Delivery of Preliminary Loan Notes in the Aggregate Principal Amount of $4,042,000.00, the Execution of Requisition Agreement No. 7, and the Execution and Delivery of Project Temporary Loan Note No. 10, in Connection with Project No. Ill. R-3", authorizing among other things the sale, issuance, and delivery of its Preliminary Loan Notes (Seventh Series B), herein called the "New Preliminary Loan Notes"; and

Now, Therefore, This Agreement Witnesseth: That, in consideration of the terms and covenants herein contained, the parties hereto agree as follows:

1. The City of Chicago agrees that simultaneously with the payment for said New Preliminary Loan Notes by the purchaser or purchasers thereof (and using the proceeds of said New Preliminary Loan Notes, and other appropriate funds of the City to the extent necessary therefor) it will pay or cause to be paid (a) to the Government an amount equal to the aggregate principal amount of the Project Temporary Loan Notes, if any, of the City held by the Government for its own use and benefit on the date of the New Preliminary Loan Notes, plus accrued interest thereon to the date of payment; and (b) to the paying agent or agents for the Outstanding Preliminary Loan Notes the amount of Four Million Five Hundred Twenty-Four Thousand Eight Hundred Ninety-Eight and 75/100 Dollars ($4,524,898.75) for the sole and only purpose of paying the principal of and interest upon said Outstanding Preliminary Loan Notes to their maturity; and the Government agrees that simultaneously with said payments it will cause the Old Escrow Project Temporary Loan Note, and the Project Temporary Loan Notes, if any, held by the Government for its own use and benefit on the date of the New Preliminary Loan Notes, to be canceled and returned to the City.

2. The City hereby directs, and the Government agrees that without any further showing by the City of the necessity therefor, and irrespective of compliance by the City with the conditions of Paragraph 1 above, the Government will make payment of the Requisitioned Payment as follows, and in no other manner: Said Requisitioned Payment will be made on the 6th day of May, 1965 (or if the Government desires and the City consents thereto, at any time prior to said date) in the amounts set forth below, to the paying agents named in the New Preliminary Loan Notes for the account of the City, to be used to the extent necessary for the payment of the principal of and interest to maturity on said New Preliminary Loan Notes:

To Paying Agent for Preliminary Loan Notes Nos. 1 through 55, inclusive, Seventh Series B, $1,021,201.39, said Paying Agent being the Harris Trust and Savings Bank, Chicago, Illinois;

To Paying Agent for Preliminary Loan Notes Nos. 56 through 172, inclusive, Seventh Series B, $3,106,794.60, said Paying Agent being the Continental Illinois National Bank and Trust Company of Chicago, Chicago, Illinois; *Provided,* That the Government, at its option, may make the Requisitioned Payment in an amount equal to the difference between the aggregate of the principal of the New Preliminary Loan Notes and the interest thereon to maturity and funds deposited by or on behalf of the City with the Paying Agent for the purposes of paying principal of or interest on the New Preliminary Loan Notes. In the event of the exercise of such option by the Government, the principal amount of the Escrow Project Temporary Loan Note shall by operation of law and this Requisition Agreement automatically be reduced to the amount of the part payment made by the Government of the Requisition Payment, and a legend informative of the fact of such part payment and of the reduction of the principal amount of the Escrow Project Temporary Loan Note to an amount equal to the part payment shall be endorsed by the Government on the Escrow Project Temporary Loan Note. 3. The City agrees that, so long as any of the New Preliminary Loan Notes are outstanding and unpaid, it will not repeal, amend, or modify the proceedings authorizing the execution and delivery of the New Escrow Project Temporary Loan Note in such manner, or take any other action, as might affect or impair the validity of said New Escrow Project Temporary Loan Note and that it will not revoke its instructions authorizing the Government to make payment therefor in accordance with Paragraph 2 hereof or its consent to the provisions of Paragraph 7 hereof.

4. The Government agrees that until such time as it shall have made payment for the New Escrow Project Temporary Loan Note as set forth in Paragraph 2 hereof, it will hold said New Escrow Project Temporary Loan Note and collateral documents for the account of the City. When the Government shall have made payment of the Requisitioned Payment in the manner set forth above, the Government shall hold said New Escrow Project Temporary Loan Note for its own use and benefit as its own property. When and if the City shall deposit with each paying agent mentioned in Paragraph 2 hereof, out of moneys obtained by the City from sources other than the aforesaid Project Temporary Loan, a sum sufficient to pay the principal of and the interest to maturity on the New Preliminary Loan Notes for which such agent is the paying agent, the Government will cancel and surrender to the City said New Escrow Project Temporary Loan Note, and the obligation of the Government to make payment of the Requisitioned Payment shall be discharged.

5. The Government agrees that this Requisition Agreement is made with and for the benefit of, and may be assigned by the City to and for the benefit of, the holder or holders from time to time of the New Preliminary Loan Notes and of interest claims appertaining thereto. WHEREAS, the Chicago Land Clearance Commission entered into a contract dated as of the 30th day of June, 1958, and numbered Contract No. Ill. R-20(LG) (which, together with any supplements thereto or amendments, modifications or waivers of any provisions thereof, is herein called the "Loan Contract"), with the United States of America (herein called the "Government") acting by and through the Housing and Home Finance Administrator, providing for a Project Temporary Loan by the Government to the Chicago Land Clearance Commission, under Title I of the Housing Act of 1949, as amended, in an amount outstanding at any one time not to exceed $2,471,678 to aid the Chicago Land Clearance Commission in the undertaking and carrying out of a certain urban renewal project (herein called the "Project") designated Project No. Ill. WHEREAS, the City is able to obtain a short-term loan from sources other than the Government in the amount of $808,000.00 at an interest cost less than the interest required to be paid under the Loan Contract on Project Temporary Loan funds which are made available by the Government, and thereby reduce carrying charges and other Project costs, and the City has determined to obtain such short-term loan from sources other than the Government (1) in order to refund or retire the Project Temporary Loan Notes of the City, if any, held by the Government for its own use and benefit on the date of the New Preliminary Loan Notes; (2) in substitution for the Project Temporary Loan payment which the Government has agreed to make pursuant to the Outstanding Requisition Agreement; and (3) in anticipation of the Requisitioned Payment which the Government has become obligated to make by reason of the approval of the Requisition; and

WHEREAS, pursuant to said determination, the City on the 27th day of May, 1964, duly adopted an Ordinance entitled "Authorizing the Sale, Issuance and Delivery of Preliminary Loan Notes in the Aggregate Principal Amount of $808,000, the Execution of Requisition Agreement No. 8, and the Execution and Delivery of Project Temporary Loan Notes No. 9 and No. 10, in Connection with Project No. Ill. WHEREAS, the City has authorized and deposited with the Government its Project Temporary Loan Notes No. 9 and No. 10. (herein called the "New Escrow Project Temporary Loan Note"), payable to the United States of America or order in the principal amount of the Requisitioned Payment, together with all necessary collateral documents, with directions to take delivery thereof upon compliance by the Government with the provisions of Paragraph 2 hereof; and the Government has approved the form and execution of the New Escrow Project Temporary Loan Note and collateral documents, and has approved all of the proceedings authorizing the issuance of said New Escrow Project Temporary Loan Note and the legality thereof when paid for in accordance with the terms of this Requisition Agreement, and has accepted deposit of said New Escrow Project Temporary Loan Note pending its payment therefor as aforesaid:

Now, Therefore, This Agreement Witnesseth: That, in consideration of the terms and covenants herein contained, the parties hereto agree as follows:

1. The City of Chicago agrees that simultaneously with the payment for said New Preliminary Loan Notes by the purchaser or purchasers thereof (and using the proceeds of said New Preliminary Loan Notes, and other appropriate funds of the City to the extent necessary therefor) it will pay or cause to be paid (a) to the Government an amount equal to the aggregate principal amount of the Project Temporary Loan Notes, if any, of the City held by the Government for its own use and benefit on the date of the New Preliminary Loan Notes, plus accrued interest thereon to the date of payment; and (b) to the paying agent or agents for the Outstanding Preliminary Loan Notes the amount of One Million One Hundred Thousand

Six Hundred Forty-two and 03/100 Dollars ($1,100,642.03) for the sole and only purpose of paying the principal of and interest upon said Outstanding Preliminary Loan Notes to their maturity; and the Government agrees that simultaneously with said payments it will cause the Old Escrow Project Temporary Loan Note, and the Project Temporary Loan Notes, if any, held by the Government for its own use and benefit on the date of the New Preliminary Loan Notes, to be cancelled and returned to the City.

2. The City hereby directs, and the Government agrees that without any further showing by the City of the necessity therefor, and irrespective of compliance by the City with the conditions of Paragraph 1 above, the Government will make payment of the Requisitioned Payment as follows, and in no other manner: Said Requisitioned Payment will be made on the 10th day of June, 1965 (or if the Government desires and the City consents thereto, at any time prior to said date) in the amounts set forth below, to the paying agents named in the New Preliminary Loan Notes for the account of the City, to be used to the extent necessary for the payment of the principal of and interest to maturity on said New Preliminary Loan Notes:

To Paying Agent for Preliminary Loan Note No. 1, Eighth Series F, $510,508.06; said Paying Agent being the LaSalle National Bank of Chicago, Illinois;

To Paying Agent for Preliminary Loan Notes Nos. 2-29, inclusive, Eighth Series F, $314,627.82; said Paying Agent being Continental Illinois National Bank and Trust Company of Chicago, Chicago, Illinois;

Provided, That the Government, at its option, may make the Requisitioned Payment in an amount equal to the difference between the aggregate of the principal of the New Preliminary Loan Notes and the interest thereon to maturity and funds deposited by or on behalf of the City with the Paying Agent for the purposes of paying principal of or interest on the New Preliminary Loan Notes. In the event of the exercise of such option by the Government, the principal amount of the Escrow Project Temporary Loan Note shall by operation of law and this Requisition Agreement automatically be reduced to the amount of the part payment made by the Government of the Requisitioned Payment, and a legend informative of the fact of such part payment and of the reduction of the principal amount of the Escrow Project Temporary Loan Note to an amount equal to the part payment shall be endorsed by the Government on the Escrow Project Temporary Loan Note.

Any balance of said funds not needed to pay the principal of and interest to maturity on the New Preliminary Loan Notes shall be paid to the City and by it deposited in the appropriate fund or account described in the Loan Contract, to be used in accordance with the provisions of the Loan Contract.

3. The City agrees that, so long as any of the New Preliminary Loan Notes are outstanding and unpaid, it will not repeal, amend, or modify the proceedings authorizing the execution and delivery of the New Escrow Project Temporary Loan Note in such manner, or take any other action, as might affect or impair the validity of said New Escrow Project Temporary Loan Note and that it will not revoke its instructions authorizing the Government to make payment therefore in accordance with Paragraph 2 hereof or its consent to the provisions of Paragraph 7 hereof.

4. The Government agrees that until such time as it shall have made payment for the New Escrow Project Temporary Loan Note as set forth in Paragraph 2 hereof, it will hold said New Escrow Project Temporary Loan Note and collateral documents for the account of the City. When the Government shall have made payment of the Requisitioned Payment in the manner set forth above, the Government shall hold said New Escrow Project Temporary Loan Note for its own use and benefit as its own property. When and if the City shall deposit with each paying agent mentioned in Paragraph 2 hereof, out of moneys obtained by the City from sources other than the aforesaid Project Temporary Loan, a sum sufficient to pay the principal of and the interest to maturity on the New Preliminary Loan Notes for which such agent is the paying agent, the Government will cancel and surrender to the City said New Escrow Project Temporary Loan Note, and the obligation of the Government to make payment of the Requisitioned Payment shall be discharged.

5. The Government agrees that this Requisition Agreement is made with and for the benefit of, and may be assigned by the City to and for the benefit of, the holder or holders from time to time of the New Preliminary Loan Notes and of interest claims appertaining thereto. The Government further agrees with such holder or holders that it will perform and observe the provisions on its part set forth in this Requisition Agreement.

The City Comptroller is hereby directed to file said agreement of record.

The following is the form of Agreement attached to the foregoing order:

Memorandum of Agreement made this ..... day of ..... A.D. 1964, by and between the City of Chicago, Cook County, Illinois, A Municipal Corporation, hereinafter called the "City", the County of Cook, a Public Body Corporate, hereinafter called the "County", and the State of Illinois, acting by and through its Department of Public Works and Buildings, hereinafter called the "State".

Witnesseth:

Whereas, in the Chicago Metropolitan Area the mass transportation and vehicle traffic congestion are continuing problems, and

Whereas, the financial burden of relieving traffic congestion rests upon the City, the County and the State as well as upon the Federal Government, and

Whereas, the Federal Government assists in the financial burden of relieving traffic congestion through its Federal-Aid highway programs, and

Whereas, the determination of a solution of these transportation and traffic congestion problems often times is the subject of separate and isolated considerations involving the construction of expressways, toll roads, railroad grade separations and other mass transportation facilities, and

Whereas, comprehensive transportation plans must be developed and tested for each of the alternate land use plans, and

Whereas, under an agreement between the City, County and State dated January 26, 1955 A.D., an integrated study by the Chicago Area Transportation Study was made of all transportation facilities in the Chicago Metropolitan Area; a considerable inventory of data was accumulated; workable

theories and methods in relation to solution of mass transportation facilities were evolved, and a three volume report was compiled and published with a correlated transit plan;

Now, Therefore, in consideration of the premises and the mutual undertakings of the parties hereto, and in conformity with all applicable laws it is agreed:

1. *Intent and Understanding.* It is the intent of the agencies that sponsor the Chicago Area Transportation Study that the Transportation Planning Function of the Chicago Area Transportation Study be carried on, on a continuing basis in accordance with the Federal Aid Highway Act of 1962 pertaining to Urban Transportation Planning (Section 134, Chapter 1, Title 23, U.S. Code.) The objective of the Study will be to update its data bank; provide technical advice in the solution of planning and transportation problems; conduct traffic surveys; research problems of planning and transportation; collect and review data relating to all factors affecting judicious planning, construction, maintenance and operation of all types of transportation facilities; review and evaluate transportation plans in the light of new developments in the field of Transportation Planning, new technological developments, changes in the projections of land use and metropolitan growth or as affected by alternate Policy goals and plans; and to recommend changes in the transportation plans.

It is further understood that the Chicago Area Transportation Study will confine its planning function to the original cordon area comprised of 1236 square miles centered on Chicago "Loop"; however, its services will be available on a contractual cost basis for the metropolitan region.

2. *Policy Committee.* There is hereby constituted a Policy Committee, hereinafter called the "Committee", consisting of the following members:

Commissioner, Department of Public Works—City of Chicago

Superintendent of Highways—County of Cook

Chief Highway Engineer—State of Illinois

Division Engineer—Bureau of Public Roads U.S. Department of Commerce (hereinafter called the Bureau.)

It shall be the duty of this Committee to adopt a program of work for the accomplishment of the objectives of this agreement and be responsible for its execution.

The Committee shall meet in regular session a minimum of four times each year—once each quarter—and shall hold such special meetings at the call of the chairman as he shall deem advisable.

3. *Minutes.* The Director of the Chicago Area Transportation Study shall act as the secretary of each meeting of the committee. The secretary shall keep an accurate record of the proceedings of each meeting which record shall be the official minutes of the Transportation Study Committee.

4. *Financing.* This agreement is based on the condition that the cost of all work provided for herein be paid seventy-two (72%) per cent from Federal-Aid funds, fourteen (14%) per cent from State funds, seven (7%) per cent from City funds and seven per cent (7%) from County funds.

In the case where the Federal-Aid funds are used in proportions other than above set forth, the cost in excess of that provided by Federal-Aid funds shall be borne one-half by the State and one-fourth each by the City and County.

The County of Cook nor the City of Chicago shall be required to share in the cost of work for agencies outside the boundaries of the original cordon area.

5. *Fiscal Arrangements.* All disbursements for expenses incurred shall be paid from the State Treasury. From time to time statements shall be prepared and presented to the City and County showing the amount of reimbursement required from each agency under the terms of participation in the cost. Upon receipt of these statements the City and County shall reimburse the State Treasurer promptly.

6. *General.*

a. The obligation of State funds under the terms of this agreement shall be limited to $200,000.00 for the two-year period ending June 30, 1965.

b. The obligation of funds of the City of Chicago under the terms of this agreement shall be limited to $72,000 for the two-year period ending June 30, 1965.

c. The obligation of funds of the County of Cook under the terms of this agreement shall be limited to $72,000 for the two-year period ending June 30, 1965.

d. Subject to mutual agreement by the parties hereto, the terms of this agreement shall be extended for successive two-year periods after June 30, 1965.

e. The State shall keep an accurate record of all costs and such records shall be available at all times for inspection by the other parties hereto and by the Bureau.

In Witness Whereof, the parties have caused this agreement to be executed this ..... day of ..... A.D. 1964.

The following is said ordinance as passed:

Be It Ordained by the City Council of the City of Chicago:

SECTION 1. The Mayor is authorized to execute and the City Clerk to attest upon the approval of the Commissioner of Public Works and the approval of the Corporation Counsel as to the form and legality, an agreement by and between the City and the Chicago and Western Indiana Railroad Company, a corporation, providing for the construction of a grade separation structure beneath the tracks of the Chicago and Western Indiana Railroad Company at E. 134th Street. Said agreement is to be substantially in the following form:

This Agreement made and entered into this ..... day of ....., A.D., 1963, by and between the City of Chicago, a Municipal Corporation of Illinois, hereinafter sometimes referred to as "City", and the Chicago and Western Indiana Railroad Company, a corporation of Illinois, hereinafter sometimes referred to as "Railroad";

Witnesseth:

That Whereas, Railroad and the United States of America (Corps of Engineers, U.S. Army), hereinafter sometimes referred to as "Government", have entered into an agreement for the allocation of costs for the construction of the Chicago and Western Indiana Railroad Company bridge over the Little Calumet River and grade separation structure separating the grades of the Chicago and Western Indiana Railroad Company tracks and 134th Street as shown on the general plans and drawings as part of Government Contract No. DA-11-032-CIVENG-57-15, dated September 21, 1956; and

Whereas, Railroad now operates at grade over 134th Street near Calumet Avenue in Section 34, Township 37 North, Range 14 East of the Third Principal Meridian, in the City of Chicago, Cook County, Illinois; and

Whereas, Railroad proposes to construct a grade separation structure to carry the tracks, traffic and trains of Railroad over said 134th Street as shown on the print marked Exhibit "A" attached hereto; and

Whereas, The construction proposed by this agreement, which is necessitated by the run off grade required for and as part of the construction of a railroad bridge over the Little Calumet River for the benefit of the Government in order to provide a wider and deeper river channel, will carry the tracks of Railroad over the said 134th Street thereby replacing the railroad and street crossing at grade; and

Whereas, In the interest of the public safety, convenience and necessity, it is proposed to separate the grades at the intersection of 134th Street and the right of way of Railroad by constructing a grade separation structure as aforesaid at the above described location.

Now, Therefore, in consideration of the premises and of the mutual promises hereinafter contained, the parties hereto agree as follows:

Section 1. The construction of the said project is to be financed by the government and no contribution by the City shall be required.

Section 2. Upon completion of the said improvement, the Railroad shall, at its own cost and expense, maintain and keep in repair, when necessary, the grade separation structure, the railroad abutments, tracks and all other railroad appurtenances and facilities, and the City shall, at its own cost and expense, maintain, keep in repair, when necessary, the roadway pavement and sidewalks through the structure and on the approaches thereto, and shall also maintain, keep in repair and operate the lighting system, street drainage and other incidental street facilities in the subway area as a part of the public system of streets in the City of Chicago.

Section 3. Preliminary and final detailed plans, field surveys, estimates of cost, specifications, proposal forms and necessary special provisions for said 134th Street grade separation structure, also including the substructure, drainage structures, facilities and other appurtenances shall be prepared by Railroad at expense of Government. All such plans, estimates of cost, specifications, special provisions and construction procedures shall be subject to approval by City.

SECTION 4. No changes shall be made in any approved plans, specifications or special provisions of either party hereto without the consent in writing of the other party hereto.

The Railroad will furnish the City with copies of the plans, specifications and special provisions and

carry out the work on the project in conformity with the said plans in a manner meeting the approval of the Commissioner of Public Works. Upon completion of the work, the Railroad will furnish reproduced tracings of such as-built plans, specifications and special provisions that pertain to the City's facilities in the area.

Section 5. Railroad agrees to construct and complete, or cause to be constructed and completed, at no expense to City, in accordance with said plans, specifications and special provisions therefor, the grade separation structure, also including substructures, drainage structures and replacement in kind of pavement under the grade separation structure.

All work affecting the property of City shall be awarded by Railroad to a competent contractor (or contractors) experienced in such work and having adequate equipment, organization and finances to do the work safely and effectively, acceptable to the Commissioner of Public Works.

Section 6. The Railroad agrees that it will not permit its contractor or contractors to commence work until such contractor or contractors has or have furnished evidence to the City and the Railroad that he or they has or have obtained insurance and bonds indemnifying the City and the Railroad against any and all liability by reason of accident, injury or death arising out of the above work to any person or persons, including Railroad employees, City employees, contractors, subcontractors and the public generally, of the following kinds and amounts in a form and with an insurer acceptable to the parties hereto:

If any part of the work is sublet, the Railroad shall require that insurance with the above mentioned limits shall be provided by or in behalf of the subcontractors indemnifying the contractor, the City and the Railroad, to cover their operations.

(d) Regular Owner's Contingent Public Liability Insurance providing for a limit of not less than two hundred thousand dollars ($200,000.00) for all damages arising out of bodily injuries to, or death of one person, and subject to that limit for each person a total of five hundred thousand dollars ($500,000.00) for all damages arising out of bodily injuries to, or death of, two or more persons in any one accident, and regular Owner's Contingent Property Damage Liability Insurance providing for a limit of not less than one hundred thousand dollars ($100,000.00) for all damages arising out of injury to or destruction of property in any one accident, and, subject to that limit per accident, a total (or aggregate) limit of three hundred thousand dollars ($300,000.00) for all damages arising out of injury to or destruction of property during the policy period in behalf of the Railroad. Section 7. The Railroad agrees to assume the defense of any suits at law or in equity not covered by insurance, brought against the City arising out of the work to be performed during the period of construction and further agrees to indemnify and hold harmless the City against any judgments or damages sustained or incurred by the City arising out of any cause of action or causes of action accruing to the adjacent property owners by reason of the change in grade or the approaches to the grade separation structure, provided, however, that the City shall notify the Railroad in writing within fifteen (15) days after services of Summons upon the City of the institution of suit, or within fifteen (15) days after notice of a claim giving all the particulars that are then available to the City.

Section 8. This Agreement shall be binding upon the parties hereto, their successors and assigns, when, but not until it has been authorized by the City Council of the City of Chicago and approved by the Illinois Commerce Commission.

Section 9. This Agreement is executed by the City of Chicago, a Municipal Corporation, Cook County, Illinois, pursuant to an ordinance duly passed by its City Council on..... 1964 (C. J. pp. .....), a certified copy of which is attached hereto and made a part hereof.

Where said meter or meters have been installed for a period of less than one (1) year or where less than twelve (12) competent readings exist, such average or estimate may be based upon a lesser number than twelve (12) readings taken preceding or subsequent to such incorrect or stopped registrations. In both instances, the Commissioner of Water and Sewers of the City shall determine which are excessive or which are deficient readings, and shall also determine the number of months upon which such estimate is to be based.

The failure, neglect or refusal on the part of the Village to make promptly and properly such changes in its piping, to maintain tightness, or to eliminate undesirable connections upon notice in writing so to do from said Commissioner of Water and Sewers, shall furnish sufficient grounds for the City to shut off the water and discontinue the service hereunder until changes and corrections in said piping or connections required by the City are made by the Village.

(25) The Village agrees not to resell or permit any water furnished hereunder to be used to supply any other municipality, or any consumer of water located or residing outside the territorial limits of the Village except if and when it should be specifically authorized so to do by the City Council of the City.

(26) The Village agrees to use City water exclusively during the period of this contract.

(27) The Village further agrees not to sell, lease or give any interest in or right or privilege to utilize its water supply main or mains to any other municipality or any consumer of water whose premises are located outside the territorial limits of the Village, and further agrees not to permit any connection to be made to its water supply main or mains, except to supply consumers within the territorial limits of the Village, without first securing the consent in writing of the City Council of the City so to do.

(28) At the end of each calendar year during the term of this contract and not later than March 31st of each year, the Village agrees to submit to the Commissioner of Water and Sewers of the City a report in writing showing in cubic feet or gallons the amount of water furnished the Village and the amount in quantity and charges billed by it to consumers during the preceding year and to furnish such other information regarding billing, collections and delinquencies as may be requested from time to time by said Commissioner of Water and Sewers.

(30) To secure prompt payment of the water bills, the City shall have the right at any time to require the Village to pay in advance a sum of money estimated by the Commissioner of Water and Sewers of the City to be equal to the cost of water required by the Village for a period of ninety (90) days at the then prevailing metered rate, which said advance payment the Village hereby agrees to make upon demand.

(31) The City shall not be responsible in damages for any failure to supply water or for interruption of the water supply furnished hereunder.
